

# Thriving in Ministry

## Grantees

Lilly Endowment has made grants to 78 organizations through Thriving in Ministry, a national initiative to help clergy support one another for excellence in their congregational ministries. The grants range from \$31,500 to \$1 million. An additional grant of \$2.6 million was made to Duke University, which will coordinate the initiative by helping grantees collect and share insights and track the progress of the individual Thriving in Ministry programs.
