

Lilly Endowment Inc.

Youth Program Resilience Fund

2020 Grant Recipients

Through its Youth Program Resilience Fund, Lilly Endowment has approved grants totaling nearly \$25 million to 297 youth-serving organizations working in Indiana. The grants will help organizations meet challenges caused by the COVID-19 pandemic. Ranging from \$5,000 to \$800,000, grant amounts are based on a number of factors, including but not limited to: the number of youth an organization serves in a typical year, the scope of services it provides to youth and their families, the impact/intensity of services and an organization's service to populations in which Lilly Endowment has a special interest.
