

Charting the Future for Indiana's Colleges and Universities

Implementation Grants

In 2019, Lilly Endowment launched Charting the Future for Indiana's Colleges and Universities, an initiative to help leaders of the state's 38 colleges and universities engage in thoughtful discernment about the future of their institutions and advance strategic planning and implementation efforts to address key challenges and opportunities. All of the schools received planning grants in December 2019.

This latest round of funding totals \$62 million. Grants were made to all 38 schools and range from \$999,136 to \$5 million (based on school enrollment). Each grant will support implementation of a project that addresses the challenges and opportunities the school identified. All locations are in Indiana unless otherwise noted.
